Too Whom It may Concern,

Around July 2006 I became employed by the United States Navy (Lakehurst Naval Air Station, Lakehurst, New Jersey). My title was a Department of Defense Federal Police officer. When I became employed I was told that the navy violated the present contract by no longer paying the officers for the half hour getting prepared for the road (gun belts, uniform, etc.) I was told this matter was being handled by the union and was waiting for a decision by the courts. I don't remember when we were all told the court made their decision in favor of the officers, that the navy violated the contract and that each officer was to be paid back pay. This violation started in 2004 and was completed by the courts in 2009. So I was in this situation from July 2006 - 2009. I have never seen any of the back pay and feel that the navy owes me this money. I have made numerous attempts to obtain a copy of the court decision and the contract with no success. There are many police officers besides myself waiting to get our back pay. My LT. at the time of this matter was Lt. Lawler (b) (6). I would appreciate any help that Congressman Lance can give to get my back pay.

I am a veteran of the Vietnam War, disabled with hearing issues, depression and balance. I also can no longer work due to heart/chest issues.

Please call me at any time other Thank you for your time.
